

YOU CAN MAKE A DIFFERENCE

at Services de santé de Chapleau Health Services

Are you interested in sharing your patient experience to help others?

SSCHS is seeking community members who have recently been a patient, used our services, or whose loved one was cared for at SSCHS, to partner with us as Advisors to share perspectives on what we do well and what we could do better.

Advisors will have the opportunity to participate in discussion groups, review patient education materials and work on short-term projects to help strengthen our patient experiences.

If you are interested in joining our Patient Advisory Committee please contact:
