Yard Sale Raises \$1,236 to Keep Hearts Beating

Last Saturday, Chapleau came together to give health care in our area a boost. Thanks to contributions from staff and volunteers at Services de santé de Chapleau Health Services, a fantastic collection of yard sale items were gathered. Members of the community made generous purchases and a total of \$1,236 was raised in the three-hour sale.

Thank you to everyone that supported this yard sale. You have made caring for our community a priority and have brought the purchase of an AutoPulse closer to reality. All funds raised will go towards an AutoPulse which performs chest compressions in emergencies. Your contributions will truly make a difference.

The AutoPulse is a \$13,000 device and the Chapleau General Hospital Foundation continues to work towards this goal through the 2015 ATV Raffle. Tickets can be purchased at the Chapleau Hospital, Chapleau Auto Parts, and the Chapleau Medical Clinic. They are also available online at www.sschs.ca. Your participation in these fundraisers will make Chapleau better able to respond to emergencies. Thank you for contributing what you can and joining our efforts to provide the Chapleau area with the best care possible!
